October edition!

SAMEE now covers West Dorset!

Our main cohort of young people on the Discovery Programme and Supported Self-Employment Internship are based in and around BCP. However, we now have a mentor in Yeovil who can meet young people in and around that area. If you know of anyone with an EHCP who wants to explore self-employment, get in touch with Sianell on sianell.white@sameecharity.org or 01202 424477.

October Edition!

Interview with one of our newest young people on the Discovery Programme! Supported by her mentor Kathy!

Kathy - What do you like to do at SAMEE?

SG - I like following my schedule, being creative by making crafts, having time to relax when I have overworked myself and making jokes with the mentors.

Kathy - What do you like about your mentor?

SG - One thing I think makes her amazing to work with is that she knows when something is wrong and how she wants me to be honest and thrive here.

Kathy - What is your favourite thing to make? (ie phone cases, key rings ect)

SG - I started off with phone cases but I wanted to try and use my skill in different items. My favourite item that I have made is the phone cases and the photo frames.

Kathy - Do you have a favourite theme/colour for your charms?

SG - One of my favourite aesthetics is the kawaii aesthetic but I do try other themes because not everyone like the same theme as I do.

Kathy - What famous person would you love to make something for and what would you make them?

SG - I'm going to be honest, why would I make something for someone that doesn't even know that I exist? But I love to make things for my family because they mean more to me then any idol/famous person.

Kathy - What advice would you give to another young person who is thinking about joining SAMEE?

SG - If you have an idea and you think it's stupid, don't give up just because no one has done it before. Some of the most famous artists and inventors also had doubts but they never gave up on their dreams.

Kathy - If you could sum up your experience, so far, of SAMEE in a few words, what would they be?

SSG - Originally doubtful but now confident. Different from other places - better! Motivated. Fun is definitely one of them. Educational. Safe!

Recent News!

SAMEE @ Poole Sailability!

The Samee team had a fantastic experience sailing with Poole Sailability. It was wonderful to see our interns working together, listening carefully, following instructions and showing resilience as they navigated the wind and waves. A huge thank you to the amazing Poole Sailability team and volunteers for their patience and support, and a special thank you to our dedicated mentors and interns who supported the activity and helped make it such a positive experience. Our interns loved it and are already eager to sail again.

SAMEE @ Swanage Folk Festival!

A huge well done to the Samee crew for a fantastic day at the Swanage Folk Festival! JHA showed resilience and determination. Although challenges came his way in the lead up days to the Festival, he remained committed. Adrian provided constant encouragement, guidance and positive role modelling. A special thank you to Paul, who stepped in at the last minute and made a fantastic contribution with his filming. Together, the team demonstrated teamwork and creativity, an achievement that has already opened new doors, with the Samee team now invited to cover two more Purbeck festivals! 👏🎥✨🌊

SAMEE @ Arts by the Sea Festival!

What a fantastic time we had at Arts by the Sea Festival! 💜

It was brilliant to be out in the community, meeting new people, celebrating creativity, and showcasing the amazing talents of the young people and adults we support at The SAMEE Charity.

From creativity and enterprise to meeting other organisations and festival-goers, it was a wonderful opportunity to show how self-employment, creativity and inclusion can open up exciting possibilities. ✨

A huge thank you to everyone who stopped by, chatted with us and supported SAMEE! 💜
